# BOTANERO

RESTAURANT & MEZCALERIA

---

Bienvenido at Botanero,

This is our restaurant, mezcaleria, and small piece of Mexico in the centre of Rotterdam.

At Botanero, we eat tacos with our hands. And lemon and salt never come anywhere near our agave spirits. The rest? It's all up to you. As eating and drinking are the best ways to spend time with friends, we've filled our menu with dishes that can be shared. (Or eaten all by yourself if you are very, VERY hungry.)

Everything is homemade with a generous amount of love and passion. Got any allergies, intolerances, or food (or drink) fears? Let us know so we can ensure nothing pops up in your order. And if you really want to try or sip something different, we've got just the thing for you. You should ask us all about it.

Would you like to host a party, attend a cocktail workshop, dance the night away or eat with all your friends? Scan the QR code, and let's make it happen!

If anything in or around the restaurant isn't up to our standards, let us know what we can do to fix that. Great tips will be rewarded with a shot—our favourite, of course.

Sean bienvenidos y disfruten!!

Payments can be made with PIN, Visa, Mastercard, or cash. We cannot split the bill. It must be settled as a whole for the full table.
